- It is very important to inspect the crate(s) and carton(s) upon arrival. If there is any visual sign of damage to the packaging then you must write "DAMAGED" on the BOL (Bill of Lading) when you sign for the goods, in case there is actual damage to the goods. Please do not refuse the shipment as Artista Gallery, Inc. will file a damage claim with the shipper. We rarely have issues with damage due to shipping. This is just to ensure responsibility for any damages born by the shipper. If there is any damage, please save the cartons. If there is any damage please notify us via email or phone within 24 hours of receiving furniture.
- Buyers should advise preferred shipping and routing with each order. If no carrier is requested by name, or if named carrier does not serve our factory or consignee location, Artista will ship by the method deemed most practical, but will not be responsible for any differences in freight charges.
- All ship dates quoted are approximate. Any orders shipped later than the factory scheduled ship date are free from any penalties imposed by the buyers.

- From the time carrier signs for shipment, Artista no longer has title to the merchandise, and carrier becomes the agent of the consignee. Disposition of shipments refused by consignee is the responsibility of the consignee and or buyer.
- Any additional shipping charges incurred by Artista for matters such as C.O.D. fees, inside delivery, etc., will be billed to the buyer.

SHIPPING SERVICES OFFERED

- Artista Gallery, Inc. offers premium freight shipping services provided by a variety of carriers.
- Actual 70% discounted shipping charges on line-haul shipping will be charged to the purchaser. Curb-side delivery is standard. Additional charges apply for residential inside deliveries.

SHORTAGES OR DAMAGE CLAIMS

- Artista is not responsible for loss or damages incurred in transit. Before accepting the merchandise from the carrier, the consignee should inspect and note any loss or damage on the delivery receipt. If there is loss or damage, a claim should be made immediately with the carrier. If damage or loss is discovered after delivery, the carrier should be notified immediately for an inspection of concealed damage as well as for instructions in filing a freight claim. Original packing materials should be saved for inspection if claim is to be filed. Concealed damage claims must be filed with carrier within 10 days of receipt of goods. (Freight company will only cover 1/3 of total cost.).
- Shortages other than loss in transit, or any variance in the specifications of the order must be reported to Artista within 10 days of receipt of goods. Failure to make such claim shall constitute acceptance of the merchandise and a waiver of any defects, errors or shortages.
- Artista's liability shall be limited to the selling price of any defective goods, and shall at no time include profits or loss of profits. All replacement orders for freight - damaged merchandise must be accompanied by a completed and signed copy of the carrier's inspection report.

RETURNS

- No returned merchandise will be accepted by Artista for exchange, credit or repair unless prior written consent is given by the factory. Unauthorized returns will be refused and returned to the consignee freight collect.
- Where returns are authorized, Artista will issue a Return Authorization Form with shipping instructions which must be used with such returns indicating any restocking and/or freight charges that will be billed to the buyer. Restocking charges will range from 25% of the original purchase price.

FLAME RETARDANCY

Municipal requirements regarding flame retardant for use in various types of facilities are constantly changing. As part of our customized service, Artista offers a wide variety of upholstery, foam materials and barrier cloths to meet unique flame retardant specifications.

If buyer must satisfy a particular code, e.g., State of Calif. Technical Bulletin 117 - E, or Boston Fire Dept. Code (BFD 9 - 1), this must be clearly indicated on the purchase order.

Artista will advise buyer of special pricing for this service, but Artista is not liable for noncompliance with local code requirements if the buyer fails to advise Artista of these requirements at the time of purchase.

Note: most flame retardant treatments are salt solutions. Cleaning flame retardant upholstery therefore with water or water - based foams will result in salt ringing. Solvent - based fabric cleaners or dry cleaning are alternate methods of cleaning. However, buyer is cautioned to test proposed cleaning procedures on a small portion of fabric before proceeding with cleaning of the entire installation

STRUCTURAL FRAME WARRANTY

Does not apply to any product that has been altered, or subjected to misuse, negligence or accident. Under this warranty, any product proven to be defective shall be repaired or replaced at our option, free of charge, provided it is returned prepaid as directed. In no case shall liability under this warranty exceed the original purchase price of the defective merchandise. We reserve the right to inspect the defective item at our premises, by our factory personnel, to establish the cause of the alleged product failure.

This warranty shall not apply to any product which has been repaired or altered by anyone other than Artista personnel in any way as to affect, in our judgment, its stability and durability, nor which has been subjected to misuse, negligence, abuse or accident.

Artista's product line is for indoor use only (Excluding outdoor furniture), and therefore any damage caused by exposure to the elements, such as salt - air or ultra violet rays, is not covered by this warranty. Even where Artista was apprised of the final destination of an order, it is not liable under this warranty if the merchandise ordered was exposed to the elements. This warranty shall not apply to Artista merchandise which was exposed to harsh or acidic cleaning agents or abrasives.

Artista reserves the right to make changes at any time, without notice, in materials, dimensions, specifications, equipment, colors, design or prices. Artista also reserves the right to make such changes at any time without any obligation to make comparable revisions and/ or modifications on products manufactured at a previous time.

The cost of field repairs performed by non - Artista personnel will not be reimbursed unless expressly authorized in writing by Artista prior to the repair.

Artista does exclude upholstery from this warranty, whether the material is provided by Artista or as COM (Customers Own Material). However, warranties are often provided by the upholstery mill. All upholstery and laminates are subject to warranty offered by the respective manufacturer.

MAINTENANCE

To ensure durability and longevity of Artista's product line and customer satisfaction, periodic inspection and maintenance is necessary. Buyers should therefore advise their clients to inspect merchandise at regular intervals — particularly the joints, welds, swivels and other points of stress as well as missing glides, screws or bolts, and to clean and tighten screws and bolts, and grease parts where necessary. If repair parts are needed, use only Artista replacement parts and attachment methods.

If an item shows any sign of structural fatigue, it should be taken out of service immediately. If covered by warranty, Artista should be notified immediately. Any continued use of the product is at buyer's risk and Artista's warranty will no longer be valid.

Freight quotes are valid for 30 days.

“Rule Of Thumb”

Chair & Table Space Requirements

- 14 sq. ft. per person for spacious dining — allows for table, chair and aisle.
- 12 sq. ft. per person for cafeteria or restaurant
- 10 sq. ft. per person for banquet, institutional or close seating.
- Allow 18" for person seated from edge of table to back of chair.
- Diagonal seating saves floor space — Deuce tables and wall spacing saves the most space.
- Allow 42" between squared tables for chairs back to back leaves 6" to push out.
- Allow 60" between squared tables for chairs back to back leaves 26" service aisle.
- Allow 24" between corners of diagonal tables for customer access — no aisle.
- Allow 30" between corners of diagonal tables for customer access — narrow aisle.
- Note:** Where space is limited, booths require only 8 sq. ft. per person including aisle allowance.

SEATING GUIDELINES

General guides for space planning and determining furniture needs

Space Planning:

In preliminary space planning, the “Rule of Thumb” for determining the area requirements for a restaurant is: Dining Room: 60% of total area. Kitchen, Cooking, Storage, Preparation, etc.: 40% of total area.

When originating space requirements, anticipate that Banquet seating may use as little as 10 square feet per person. A good average for restaurants or coffee shops with general menus is about 12 square feet per person. This will provide for traffic aisles, wait stations, etc.

Example: A 200 seat restaurant will require 2,400 square feet of dining area. Since this would be 60% of the total area, the total area would be 4000 square feet.

When the area available has already been established (i.e. an existing building being remodeled as a restaurant), the “Rule of Thumb” is used as follows.

Example: A space of 2800 square feet is available. 60% **Dining Area:** 1680 square feet (140 seats); 40% **Kitchen Area:** 1120 square feet. Details will be determined after

floor plans are prepared and owner’s ideas are considered and incorporated into the plans. Suggested square feet per person for different restaurant types:

Commercial Cafe: 16 - 18 square feet

Industrial Cafe: 12 - 15 square feet

Counter Service: 18 - 20 square feet

Table Service (minimum): 11 - 14 square feet

Table Service, Hotel/Club: 15 - 18 square feet

Banquet (minimum): 10 - 11 square feet

The traffic path between occupied chairs would be at least 18 inches wide. Leave 4 - 5 feet between tables (This figure includes chair space). To determine area for wait stations: 1 small station (6 - 10 square feet) per 20 diners. 1 large central station (25 - 40 square feet) per 60 diners. In determining the length for a bar, allow 1’8” - 1’10” per person (standup) or 2’ per bar stool.

Furniture Guidelines:

Table Height: 29” - 30” **Bar Height:** 42” - 45”

Seat Height: 17” - 18” **Bar Stool Height:** 28” - 30”
